## fifth european conference on crystal growth

Dear Colleagues,

on behalf of the Crystal Growth section of **Italian Association of Crystallography (AIC)** and the **European Network of Crystal Growth (ENCG)**, we cordially invite you to attend the **Fifth European Conference on Crystal Growth (ECCG5)**, which will be held at the **CNR Research Area in Bologna** on **9-11 September 2015**.

The aim of ECCG5 is to represent the wide variety of topics connected with Crystal Growth, with a multidisciplinary approach able to answer the demands of the society in different fields of modern life, such as microelectronics, photonics, pharmaceutical and chemical material production, healthcare and cosmetics to name few. The Conference also intends to promote the meeting of researchers coming from public and private entities and to facilitate the cooperation between academia and industry.

We warmly invite all of you in Bologna.

**Giuseppe Falini**  
**Andrea Zappettini**  
ECCG5 Conference Chairs
