

2nd North African Crystallographic Conference

NACC2 | Khayem Garden Resort, Nabeul, Tunisia | Event cancelled

VENUE	Khayem Garden Resort, Nabeul	DATE	Event cancelled	REGION	North Africa
-------	------------------------------	------	------------------------	--------	--------------

Joint Organization

- Tunisian Crystallographic Association (TCA)
- Moroccan Crystallographic Association (AMC)
- Egyptian Society of Crystallography and its Applications (ESCA)
- Algerian Association of Crystallography (AACr)
- Tunisian Chemical Society (SCT)
- European Crystallographic Association (ECA)
- International Union of Crystallography (IUCr)

Welcome

The 2nd North African Crystallographic Conference (NACC2) was intended as a follow-up of the IYCr2014 PAN African Summit meeting and the IYCr Legacy conference, which nurtured a growing interest in developing crystallography in the African region.

NACC2, as part of the IUCr-ICSU initiative "Building Science Capacity in Africa via Crystallography", was aimed at analyzing the state-of-the-art of crystallography in North Africa and revitalizing it by involving European countries from the Mediterranean area with a strong and established tradition in crystallography.

NACC2 also aimed at reinforcing the collaborations among the North African countries and at continuing the process towards the foundation of the African Crystallographic Association (AfCA) by establishing the role of North African countries to facilitate this initiative, together with representatives from all parts of Africa.

Unfortunately, despite the many efforts made and various solutions offered, it proved impossible to find an agreement with the local crystallographic community about the organization of this event, which was therefore cancelled.

Habib Boughzala and Michele Zema.

Programme and Registration

The programme and registration were cancelled.

Registration category	Before 15 July: North Africa	Before 15 July: Other countries	After 15 July: North Africa	After 15 July: Other countries
Academic student	400 DT	400 EUR	450 DT	450 EUR
Academic senior	450 DT	450 EUR	500 DT	500 EUR
Non academic	600 DT	600 EUR	700 DT	700 EUR
Accompanying person	250 DT	250 EUR	300 DT	300 EUR
Conference dinner	30 DT	30 EUR	30 DT	30 EUR

Registration fees included participation in the scientific sessions, except for accompanying persons; delegate bag; welcome reception; coffee breaks; and four-night accommodation at the Khayem Garden Resort Hotel.

Payments could be made by bank transfer. Details were to be provided soon.

Sponsors and Auspices

We thank all sponsors and supporting institutions and apologize for cancelling the event, due to circumstances beyond our control.

Sponsors

- IUCr
- IUCr Journals
- STOE
- Anton Paar
- Dectris
- Crystal Impact
- ICDD

With the auspices of

- Université de Tunis el Manar
- Faculté de Sciences de Tunis
- Laboratory of Materials and Crystallochemistry
- Laboratoire de Physico-Chimie des Matériaux

Invitation

Organizations interested in taking part in the conference as sponsors were invited to contact the organizers.

Opportunities included:

- a 10-minute slot in the programme for an oral contribution;
- exhibition space for the duration of the conference;
- a company logo on all materials related to the conference;
- distribution of promotional material and giveaways in the delegate bags or common stands;
- welcome reception refreshments, lunches and conference dinner signage.

Looking forward to welcoming you in Nabeul.

Venue and Contact

Nabeul is 70 km south of the capital Tunis and 12 km from the seaside resort touristic city of Hammamet. It can be reached by bus, train or private location car. Once in Nabeul, the NACC2 conference hotel is reachable by a five-minute taxi drive.

Prof. Habib Boughzala, Laboratory of Materials and Crystallochemistry, Faculté des Sciences, Université de Tunis El Manar.

Dr Michele Zema, IUCr Outreach Officer, International Union of Crystallography.
